About CMA(USA)

Offered by the Institute of Management Accountants, USA, Certified Management Accountant, is the most valued management accounting program globally for entrepreneurs, experienced professionals and graduates with or without a commerce study background. This certification has been the global benchmark for management accountants and financial professionals

CMA helps you to be “future-proof” as you will increasingly be expected to provide “insight” and “foresight”

CMA(USA) Program Highlights

- Certified Management Accountant is one of the highest management accounting qualification by Institute of Management Accountants, US
- Helps you spark your career in a short time frame of just 8-12 months with around 200-220 hours per part of study
- Up to 3 years allowed to complete both parts
- Academic Advantage (**2 parts, single-level exam**, 75% MCQs)
 - (i) Financial Planning Performance & Control
 - (ii) Financial Decision making
- Parts 1 and 2 are offered during the following three testing windows:
 - January/February
 - May/June
 - September/October

CMA(USA) Advantages

CMA(USA) is the most sought after qualification in the corporate accounting world. As per the studies, the management accounting knowledge and skill is more useful in the corporate world. Here are few major benefits of doing CMA(USA) course:

Global recognition: While a college degree is certainly an important step on the way to a successful career, it is most certainly not enough. In the wake of globalization, employers often prefer global certification, meaning your college degree might not be sufficient. On the other hand, CMA(USA) qualification is recognized globally.

Higher earnings: As per the recent survey, CMA professionals earn 60% more than the peers with no professional qualification.

Flexibility: The course consists of only 2 parts which can be completed within 6-8 months. Hence, making it ideal for those who want to speed up their career in a short time.

Career prospect: CMA professionals are highly preferred in public or corporate accounting, and can fill positions as analysts, planners, auditors, managers, and accountants.
