A dimly lit classroom scene. In the foreground, a young girl with long dark hair, wearing a white sweater with colorful patterns on the sleeves and a yellow scarf, is sitting at a desk and writing in a notebook. To her left, another student in an orange shirt is also writing. In the background, a teacher with curly hair, wearing a light-colored cardigan, stands near a window, looking towards the students. To the right, another student in a pink top is sitting at a desk. The overall atmosphere is quiet and focused.

# About Enrolled Agent (EA)

An **Enrolled Agent (EA)** is a tax professional authorized by the **U.S. Department of the Treasury** to represent taxpayers before the **IRS**. EAs are experts in **U.S. tax laws**, specializing in **tax preparation, advisory**, and resolving **tax-related issues** for individuals and businesses.

This prestigious designation is earned by passing the rigorous **Special Enrollment Examination (SEE)** or through qualifying **IRS experience**.

At **Saraf Academy**, we provide specialized training for aspiring EAs, led by **renowned industry expert and educator Mr. Kaushal Subudhi**. Our program equips students with the **knowledge and skills** needed to excel in the SEE and build a successful career as a trusted **tax professional**.

# EA Program Highlights

- Helps you spark your career in a short time frame of just 6-8 months with around 100-150 hours of study. One unique aspect of becoming an EA is that there are no specific education or experience requirements to begin, making the path to becoming an EA accessible and open to anyone.

The SEE consists of **three parts**, each focusing on a specific area of taxation:

- **Part 1:** Individuals    ■ **Part 2:** Businesses    ■ **Part 3:** Representation, Practices, and Procedures
  - The exam is conducted as a **computer-based test (CBT)** at Prometric testing centers.
- **Duration:**
  - Each part of the exam is **3.5 hours** long.
  - A total of **105 multiple-choice questions** are included per exam part:
    - **85 scored questions**    ■ **20 unscored pre-test questions**
  - The unscored questions do not affect the final result but are used for testing future exam content.
- **Passing Score:**
  - The passing score for each part is **105 out of 130** (scaled scoring).

# EA Program Highlights

## 3. Exam Windows

- The SEE is offered **year-round**, with the exception of the following blackout periods:
  - **March** and **April** of each year.
- Candidates can schedule exams at their convenience during open testing windows from:
  - **May 1 through February 28/29** of the following year.
- Retakes:
  - Candidates can retake any part they fail, up to **four times per year** per exam part.

# Exam Pattern

The **100 multiple-choice questions** that make up each exam include **15 experimental questions**. The topics of the experimental questions cannot be known, so this breakdown accounts for the remaining 85 questions. **The IRS sets a scaled passing score at 105 out of the available 130 points.**

# EA Advantages

## Why Choose the EA Program?

### Unmatched Practice Rights

EAs represent clients nationwide without licensing restrictions.

### Specialized Expertise in Taxation

EAs specialize in U.S. tax laws and updated regulations.

### High Demand in a Complex Tax Landscape

Rising demand for EAs in complex tax compliance and planning.

### Versatile Career Opportunities

EAs thrive in independent, corporate, and government tax roles.

### Distinction from Other Tax Professionals

Specialize in taxation, unlike CPAs or uncertified preparers.

# STUDENT PERSPECTIVES

“ It is with great pleasure I wish to inform you that I have scored 450/500 - 90% marks in the CMA Part-1 exams conducted in October. The whole credit goes to Saraf Academy and especially to Prakash Sir. I was impressed by the conceptual clarity and explanations of the same by Prakash Sir.

He breaks down complex concepts in such a way that even an average student like me could get such high marks. I just followed his advice in letter and spirit. I could not attend the live classes as I am working in the Middle East. However, I went through each recorded class twice and studied daily religiously for 2 hours, made notes explaining my understanding, and revised every week as advised by Prakash sir.

I also want to thank the tech team, they really supported to resolve issues ASAP, infact on one occasion they even supported me at 12 midnight India time and again came back early morning to confirm the problem was resolved.

Thank you so much Saraf Academy and team for the excellent service...
