STUDENT PERSPECTIVES

“

It is with great pleasure I wish to inform you that I have scored 450/500 - 90% marks in the CMA Part-1 exams conducted in October. The whole credit goes to Saraf Academy and especially to Prakash Sir. I was impressed by the conceptual clarity and explanations of the same by Prakash Sir.

He breaks down complex concepts in such a way that even an average student like me could get such high marks. I just followed his advice in letter and spirit. I could not attend the live classes as I am working in the Middle East. However, I went through each recorded class twice and studied daily religiously for 2 hours, made notes explaining my understanding, and revised every week as advised by Prakash sir.

I also want to thank the tech team, they really supported to resolve issues ASAP, infact on one occasion they even supported me at 12 midnight India time and again came back early morning to confirm the problem was resolved.

Thank you so much Saraf Academy and team for the excellent service...
